

WG-318 AQUA

WG-318 Aqua is our full double back latex coated, water-repellent glove, designed to be used in wet or water applications, while keeping the user's hands dry and comfortable. Constructed using a 13-gauge nylon Liner, WG-318 Aqua provides a superior grip in various applications, whilst remaining thin enough to offer great dexterity and flexibility.

PRODUCT INFORMATION

PROTECTION	Liquids and general handling
MATERIAL	Coating: latex double dip, fully dipped knitwrist Liner: 13 gauge/nylon
COLOUR	Blue
PACKAGING	12 pairs/polybag; 144 pairs/box
SIZES	8/M, 9/L, 10/XL, 11/XXL

COMPLIANCE

EN388:2016

CERTIFICATION

EN388:2016

MECHANICAL RATING

ACTPS1: 3141X

ENVIRONMENTS

Construction, agrifood, waste treatment, agricultural work, green spaces, self-employed trades, public authorities.

RECOMMENDATION

DEXTERITY & COMFORT: Provides excellent dexterity and prevents fatigue in a wide variety of uses.
WATER RESISTANCE: Designed for all handling tasks in water conditions.

WONDER GRIP® TECHNOLOGY

GRIP

Our focus is on developing gloves that are thin and easy to use whilst providing the best grip through the design and material used for each glove. We believe grip strength will improve safety.

The sponge-like coating on each Wonder Grip® glove mimics the suction cup characteristics found on the tentacles of an octopus. Our focus on maximising the quality, durability and grip potential of each Wonder Grip® glove design has significantly enhanced performance in dry, wet and oily conditions.

LATEX

Latex has several advantages such as being soft, slip resistant, and non-rigid even during extremely low temperatures. The Wonder Grip® process has effectively advanced these pertinent characteristics.
