

RE221BK – BLACK

RE221BR – DARK BROWN

NST

PRODUCT CODE: RE221

PRODUCT DESCRIPTION: Urban veldskoen dress boot

INFORMATION

COLOUR	Black and dark brown
SIZE RANGE	UK 6 – 13
ISO 20347 CLASSIFICATION	Conforms
SLIP RESISTANCE CLASSIFICATION SRA / SRB / SRC	N/A
CONSTRUCTION	Injected polyurethane (PU)
NRCS APPROVAL NO	N/A

MATERIALS

UPPER	Water resistant, premium leather lace up boot. A finger pull-tab to assist with fitting.
SOLE	Dual density polyurethane (PU) outsole. Oil, acid & organic fat resistant. Midsole is designed to offer comfort cushioning for extended wearing time.
EYELETS	Round metal eyelets
LINING	Leather lined on heel for durability, comfort and ease of sliding on or off.
TOE CAP	Soft toe.
FOOTBED (INSOLE)	Removeable high poly footbed, breathable, washable, and anti-bacterial.
INSOLE BOARD	Insole board with Poron® shock zone insert providing added rebound comfort and a steel shank for torsional stability, reducing foot fatigue.

SPECIAL FEATURES

UPPER	Not all boots need a steel toe cap! Built tough to conquer most environments. All this without compromising its fashionable looks.
OUTSOLE	Dual density sole ensuring durability and comfort. Designed to resist oil, fat, and detergents. Specially engineered tread system to facilitate reduced wearer fatigue and a highly anti-slip cleat design. Heat resistant to 110°C.
OTHER	Wide fitting, light weight.

SUGGESTED ENVIRONMENTS

Especially suited to hospitality-type applications, outdoor applications like farming, light industrial applications but most particularly to someone who is on their feet all day. Work boots or dress boots!
